THAT WE MAY SEND THEM OUR CATALOGUE.

Catalogue of Plants

GROWN AND FOR SALE BY

A. R. Aldrich, Springfield, Ohio.

SPRING—1889.

IN SENDING out my annual Catalogue for 1889 it affords me pleasure to thank my friends for their liberal favors in the past, and assure them that fair and liberal dealing will merit their patronage in the future. To the many new readers who will see it for the first time, I ask that they will give it a careful examination, feeling sure that it offers many plants that will be a source of pleasure and profit to plant, and in hope that my reasonable prices and liberal dealing will bring me at least a trial order.

SHIPPING BY MAIL.

On plants sent by mail we prepay postage and guarantee their safe arrival in good condition, to any postoffice in the United States. We use a strong wooden box to pack in. After the roots have been carefully packed in moss, and wrapped in oiled paper, the plants are all laid one way and securely fastened, thereby avoiding any crushing or mangling of leaves.

SHIPPING BY EXPRESS.

We would always recommend having plants sent by express, when there are many ordered, and when there there is an express office near, as we can usually send much larger plants, and always put in enough plants extra to pay express charges. By either method we guarantee their safe arrival in good condition, and if packages are miscarried or stolen, we cheerfully replace them. Or, if through delay or breakage of package, or any other cause, any portion of the plants are dead when they reach the customer, we will willingly replace them.

SIZE OF PLANTS.—All contemplating ordering from us, we wish to understand very clearly that our quoted prices are for well-established plants, all on their own roots, and as long as any part of the plant remains it will produce uniformly the same beautiful flower.

SHOULD AN ERROR BE MADE in filling orders, our customers may feel assured it will be entirely unintentional, and on informing us of the fact we will promptly rectify it, and make it satisfactory, if it lies within our power to do so.

EVERYTHING PLAINLY LABELED.—We use a small parchment label on all plants.

ORDERS FOR LESS THAN ONE DOLLAR will not be filled unless ten cents additional to the price of the plants be sent to pay postage. It is quite as much trouble to handle, and requires nearly as much postage to mail a fifty-cent order as it does one for a dollar's worth of plants.

ORDER SHEET.—Please use our order sheet it making out your order.

A TRIAL ORDER.—To those who have never before purchased plants of us, we would suggest that they might find it profitable, considering our extremely low prices, to send us a small trial order.

TREATMENT OF PLANTS WHEN RECEIVED.—There is, of course, a disturbance of the plant's growth in the removal of the earth from the roots, but the check is not so much as many might suppose. When the plants are received by mail, we recommend soaking them for a few minutes in milk-warm water, with the ball of moss remaining on the roots; this will not be necessary when sent by express, unless they should become dry. If the season is sufficiently far advanced, they may be placed at once in the open ground, pressing the earth well around the roots, and watering freely morning and evening for awhile, and shading from the noon-day sun. If too cold to plant out, they may be potted, or, where these are not at hand, boxes will do very well. Place them in a window and keep fairly moist (not wet) and shaded during the middle of the day until fully established.

REMITTANCES.

CASH must accompany the order in all cases.

MONEY MAY BE SENT, at our risk, by either of the following methods: Postoffice order, bank draft on New York, or registered letter.

A LIBERAL OFFER.—When remittances are made in either of the ways indicated above, they will not only be at our risk, but to all such when the

amount is one dollar or more, we will add an additional plant gratis.

POSTAGE STAMPS may be sent for fractional parts of one dollar, or when small notes cannot be had.

ADDRESS all letters, make drafts, money orders, etc., payable to
A. R. ALDRICH,
SPRINGFIELD, OHIO.

NEW PLANTS.

Novelties of Recent Introduction and Others Worthy of Special Mention.

NEW ABUTILON.

Golden Fleece.—A bright golden-yellow Abutilon of strong, vigorous habit and very free flowering. There have been a number of yellow Abutilons introduced during the last few years, but they all lacked richness of color; the variety now offered combines large size, fine form, and depth of coloring, and will become the leading yellow variety. Price, 15 cents.

NEW BEGONIAS.

Alba Picta.—A perfectly distinct new variety. Is shrubby in habit and of compact growth, having long, slender, pointed, glossy green leaves, thickly spotted with silvery white. Branches upright and gracefully curving. Price, 15 cts.

Semperflorens Gigantea Rosea.—A superb variety, strong, upright, fine large flowers of a clear cardinal-red, the bud only exceeded in beauty by the open flower. The leaves are smooth and glossy. Both leaf and stem quite upright-growing, and forming a shrubby, round plant. See cut on page 8. 15 cts.; large plants, 25 to 50 cents.

NEW CARNATIONS.

Amy Phipps.—This is a golden Secretary Blaine, Very much like it in freedom of bloom and style of flower. Flowers very large, calyx slightly bursting, but a very pretty flower, light yellow, with markings like Secretary Blaine, and is very distinct in color. A strong and healthy grower. 15c.

Tendress.—A lovely deep pink changing to soft rose, flower of good size and perfectly formed. Splendid habit and very free. The best pink color out. Price, 15 cents.

Unique.—A beautifully marked variety, deep carmine and red on white ground, finely formed flower of good size. Price, 15 cents.

Ella May Fuller.—Pure white, heavily marked with madder rose. Very free and desirable. One of the best. Price, 15 cents.

E. G. Hill.—A magnificent sort, of strong, healthy growth. Flowers very large, beautifully fringed and absolutely perfect in form. The calyx never splits, and the flowers are all produced single on long stiff stems, making it a valuable sort for cut-flower purposes. Intense, deep crimson scarlet. Price, 15 cents.

NEW CARNATIONS—Continued.

Banner.—One of the finest. Rosy carmine stripes on a pure white ground, beautifully shaped and finely fringed, giving it a very soft, feathery appearance. A very desirable sort. 15 cts.

Anna Webb.—A beautiful dark crimson variety, large and handsome. A perpetual bloomer. Superior to "Black Knight" in every respect. Price, 15 cents.

J. J. Harrison.—A beautiful variety. Flowers of the most perfect shape and enormous size. Pearly white, delicately streaked rosy carmine, each petal distinctly edged with the same. A very desirable variety on account of its immense size, delicate color and fine shape. 15c.

Ferdinand Mangold.—Flowers of very large size and perfectly formed, brilliant dark red shaded with richest maroon, fringed petals, nearly every flower being on a long stem, rendering it valuable as a cut-flower variety. Price, 15 cents.

B. A. Elliott.—A grand variety, with enormous flowers of a brilliant scarlet, resembling immense Camellia Balsams, all of which are borne on long stems. A continuous bloomer of healthy and free-branching habit. Price, 15 cents.

NEW**CHRYSANTHEMUMS**

Grandiflora.—Clear lemon-yellow, immense flowers, very large, narrow petals. The best of all yellow varieties. Price, 15 cents.

Pearl.—Possesses the form and habit of Robert Kift, with the peculiarity of commencing to bloom in the Spring and continuing the entire season. Pure white. An excellent variety. 15 cents.

Moonlight.—A grand flower of the purest white. One of the largest, and quite free in bloom. Although not entirely new, it is one of the best whites. See cut on page 10. Price, 10 cents.

NEW FUCHSIAS.

Phenomenal.—The largest Fuchsia, even larger than the "Champion of the World." Short tube and sepals of a rich reddish crimson color. Corolla very full and double, of a beautiful azure violet, flaked with red. Price, 15 cents.

Paris Murcie.—New Double White. This variety is unsurpassed. Tube and sepals brilliant deep scarlet, thick and leathery; corolla very large and double, of pearly whiteness. Price, 15 cts.

Storm King.—A good variety, of elegant habit, free from all disease, and produces flowers in the greatest profusion. Price, 15 cents.

NEW DOUBLE YELLOW DAISY.

Anthemis Coronaria fl. pl.—A beautiful new plant. Nothing could be more showy, either as a pot plant or for bedding out. This plant may well be called the "Shower of Gold," as it is a perfect mass of rich, golden-yellow flowers the whole year around. Price, 10 cents.

NEW GERANIUMS.

Queen Olga.—The grandest single pink Geranium out. Beautiful, clear and brilliant carmine-rose, large and pure white eye, florets round, of perfect form, trusses of enormous size and beautiful shape, very free and of excellent habit. Though not entirely new, it has never been surpassed. Price, 10c.

Bed of Gold.—Of a rich golden orange shade, the nearest approach to yellow we have in double Geraniums. Its large trusses open freely, the habit being as free and robust as that of any other variety. Price, 20 cents.

Mary Hill.—The finest double, pure pink color; the shade is even, soft and bright, with a distinct white eye. Florets of great size, forming fine, large trusses. A most satisfactory grower, very free, in bloom at all seasons; equally useful for bedding or pot culture. 15c.

Fire Brand.—Dazzling flame scarlet. Fine, prominent

truss, flowers large and of great substance, an excellent bedder and a perfect pot plant. It was the most noticeable scarlet in our collection last summer. Price, 15 cents.

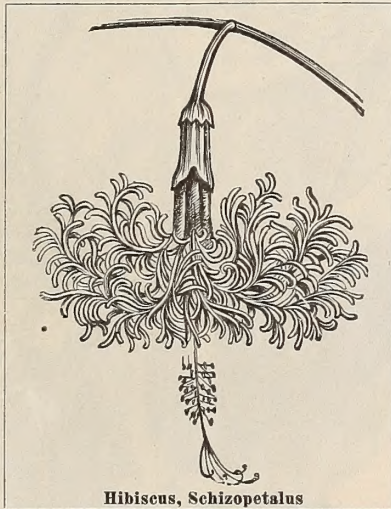

NEW HIBISCUS.

Schizopetalus.—A peculiar and striking species. It differs from all others in the remarkable character of its petals, the pendulous flowers and the long tubular calyx. Its drooping flowers, with reflected orange-red and laciniated petals, render this plant not only a curiosity, but highly valuable as a decorative or bedding plant. See cut. Two sizes, 15 and 25 cents.

Sub Violaceous.—The largest flowering Hibiscus. Bright crimson, tinted violet. A wonderful bloomer. Two sizes, 15 and 30 cents.

NEW HYDRANGEA.

Cyanodada.—(Blue Hydrangea). The best grown. Large trusses of the brightest bluish, rose colored flowers; nearest blue yet attained. 25 cts.

Hibiscus, Schizopetalus

The Best New Roses.

Comtesse de Figueuse.—New Tea Rose. Very fragrant, buds long, pointed, and of good size; delicate canary-yellow, with softer shade on inside of petal. Price, 50 cents.

Princess Beatrice.—Pure Tea. Vigorous grower, with stiff, erect wood, thick, handsome foliage, and very free flowering. Flowers well carried on long, stiff stems; large, full, and of the most perfect form; petals round, broad, and very thick; outside petals pale yellow; center rich golden-yellow; edge of petals lightly laced with bright rose. Most distinct and handsome. Price, 25 cents.

Souvenir Gabrielle Drevet.—Tea. Salmon-pink, center coppery-rose, good size and fine form, beautiful combination of color. Very satisfactory in habit, growth, and freedom of bloom. Price, 25c.

Viscountess Folkestone.—Hybrid Tea Rose. Unquestionably the artist's Rose. Exquisite form and carriage, and a gem in and of itself. White, salmon shading, tinted salmon-pink. It is stronger, but somewhat similar in growth to La France. 25 cts.

Primrose Dame.—An exquisite new Tea Rose. Very double flowers, outer petals soft canary-yellow, center rich rosy salmon or apricot, cup shape, showing the glowing center from the first opening of the bud. The foliage is fine, but luxuriant and healthy. See cut on page 5. Price, 25 cents.

Susanna Blanchet.—Tea Rose. Outer petals clear flesh white, deep flesh center, perfection in color and shape, outer petals large and broad, short inner petals. Delightful fragrance. 25 cents.

American Beauty.—Flowers deep crimson, very large, the most fragrant of its class, a continuous bloomer, strong constitution, has the true Hybrid fragrance, this with its large size, rich color, splendid habit and free blooming properties, makes it a valuable Rose. Price, 20 cents.

The Bride.—Lovely, pure white, very fragrant, admirably adapted for forcing. The buds have more substance than Niphetos, very full and double, and possess the good characteristics of Catherine Mermet. 15c.

Souvenir de Therese Levet.—A genuine Tea, pure, clear crimson, assuming a slight cast of purple as the flower ages, each petal shows at the center of its margin a decided point, which gives the flower a clear-cut appearance. Price, 20 cents.

Papa Gontier.—Fine foliage, exceedingly free flowering, very sweet, free from mildew and keeping double, one of the best Summer Roses for cut-flowers, and surpasses Bon Silene for Winter forcing. Its blooms are large and long, with thick, broad petals of dark carmine-crimson, inner petals a bright rosy carmine, and light up well at night. Price, 15 cents.

Sunset.—A sport from Perle des Jardins, which it strongly re-

Comtesse de Figueuse.

sembles, except in color. Flowers large, fine full form, very double, deliciously perfumed, color a remarkable shade of rich golden amber, elegantly tinted and shaded with dark ruddy copper, resembling a splendid "after glow." A constant and profuse bloomer, and, taken altogether, is one of the finest Roses of recent introduction. Price, 15 cents.

Primrose Dame. (See page 4.)

NEW ROSES—Continued.

Devoniensis.—Magnolia Rose. Beautiful creamy white, with rosy center, large, very full and double, delightful sweet Tea scent. One of the finest Roses. Price, 20 cents.

Pierre Guillot.—One of the very best of the bright, dark Hybrid Teas. Color dazzling crimson, passing to brilliant carmine, flowers large, very double, full, and highly scented. A healthy and vigorous grower, and a constant bloomer. Price, 15 cents.

Mme. Welche.—An extra fine variety, very large, double, and of beautiful rounded form. A soft, pale yellow, sometimes cream, with short inner petals of glowing orange and copper. Vigorous in habit. Price, 15 cents.

Perle des Jardins.—The finest yellow Rose in cultivation. Canary or golden yellow. Flowers

large and beautifully formed, handsome in every stage of development, from the smallest to the open bud. Price, 15 cents.

Niphetos.—An elegant Tea Rose. Very large and double, deliciously sweet, pure snow white. Valued for its lovely buds, which are very large and pointed, borne on long stems. 15 cents.

Madame de Watteville.—Beautiful creamy yellow, tinged with large shell-like petals having a bright crimson border. No Rose like it in color. This is the Tulip Rose of Europe, so-called from its feathery shading of petals. 15 cents.

La France.—Hybrid Tea. Unequaled in beauty and fragrance, very large, very double, superb form. It is difficult to convey any idea of its beautiful coloring, but the prevailing colors are silvery-rose, shaded with silvery-peach, and often with pink. Continuous bloomer. 15 cts.

General Collection of Plants.

ABUTILONS—Flowering Maple.

Plants of strong growth and easy culture, flowering very freely, and desirable on account of their continuous bloom for the border, as well as for the greenhouse or room for the Winter. 10 cts.

Duc d'Malakoff Var.—

Leaves irregularly marked, golden yellow.

Robert George.—A free and continuous bloomer. Flowers broad, their large overlapping petals incurved, color orange, veined with crimson.

Santana.—Fine, deep crimson flower. One of the best.

Mesopotamicum Var.—

A variegated-leaved, drooping variety.

Ed. Layeillon.—Bright golden yellow, with some shading's of flame, [resembles a semi-double flower as the petals overlap. Very unique variety.

Snow Storm.—Dwarf habit, pure white.

Fire Fly.—Compact habit, bright salmon-scarlet flowers, good variety for Winter flowering.

Thompsonii Plena.—A sport from the well-known variety, Thompsonii Variegata. It retains the beautifully mottled, yellow and green foliage of that variety, but has perfectly double flowers, that resemble, in form, a double Hollyhock. Rich, deep orange, streaked and shaded with crimson.

Abutilon, Duc d'Malakoff Var.

ACHANIA MALVAVISCUS.

A vigorous growing plant, resembling the Abutilons in habit and growth. Valuable alike for bedding or pot culture. Not subject to the attacks of insects. Blooming profusely throughout the entire season. Flowers brilliant scarlet. Price, 10 cents.

AGATHEA—Blue Daisy.

Celestis.—Flowers are Daisy-shaped, a delicate light blue with a yellow disc. Blooming in profusion from November to April. Should be in every collection. 10 cents.

AGERATUMS.

Useful border plants, flowering continually the whole Summer. On approach of frost they can be taken up and potted, and make an excellent Winter-flowering plant. Price, 10 cents; 3 for 25 cents; 20 for \$1.

Variegatum.—Beautiful Variegated leaves.

Lady Jane.—A fine distinct variety. Bright blue.

Cope's Pet.—A dwarf variety. Bright blue.

White Cap.—Without doubt the best white variety ever introduced.

ALOSIA CITRODORA.

Lemon Verbena.

A well-known shrub, indispensable for the delightful fragrance of its leaves in construction of bouquets. 10c.

Single Bouvardias.

AKEBIA.

Quinata.—A perfectly hardy and beautiful climbing plant, growing twenty feet high, with trifoliate leaves and dark brown flower of peculiar shape, which are very fragrant. One of the best climbers. Price, 15 cents.

ALLYSSUM—Sweet.

Favorite Summer and Winter blooming plants, indispensable for borders or ribbon lines. Price, 10 cents; 3 for 25 cents; 16 for \$1.

Double White.—Large double white flowers, valuable for cut-flowers.

Tom Thumb.—A new single exceedingly dwarf variety, not more than six inches high.

AMARYLLIS—Red Lily.

The Amaryllis are an interesting class of bulbs, desirable for growing in pots, producing showy flowers that are very attractive and handsome.

Johnsonii.—Dark red with white stripe, 50c; extra strong, 75c

Atamasco.—A class of small growing Amaryllis, producing small, pink, lily-like flowers during the entire season, hardy in the Southern States. 10 cents; 14 for \$1.

ACHYRANTHUS.

Indispensable for bedding purposes, either in massing or ribboning, their brilliant tinted leaves forming a marked contrast with all other plants. Being much hardier than Coleus, they are sometimes considered preferable for massing and ribbon lines. Price, 10 cents, 3 for 25 cents; 20 for \$1.

Aurea Reticulata.—Yellow, green and crimson.

Emersoni.—Deep red, shading to pink.

Formosum.—A decided improvement on the yellow varieties, pointed foliage, yellow and pale green, stems and mid-rib bright crimson.

Gilsoni.—Deep crimson, heart-shaped leaves.

Lindeni.—Dark crimson, pointed foliage. Favorite in massing foliage.

ALTERNANTHERAS.

Beautiful dwarf plants of compact habit, growing about six inches high, and admirably adapted for edging to flower beds and ribbon lines, their beautifully variegated foliage of crimson, purple, yellow, pink, and green forming rich masses of color, always attractive and highly ornamental. The four best sorts. Price, 3 for 25 cts.; 20 for \$1.

ASTILBE JAPONICA.

One of the finest of hardy garden plants, from twelve to eighteen inches high. Flowers white, borne on feather-like spikes. Extensively used for forcing for Winter flowers by bouquet makers. 20c.

ANEMONE JAPONICA—Wind Flower.

One of the most desirable of all the late Summer and Autumn flowering hardy herbaceous plants. They commence flowering early in August and continue until severe frost. Flowers are about one and a half inches in diameter. Thrives best in a moist, rich soil, a covering of leaves, straw or other long manure being sufficient for our most severe Winters. Price, 15 cents; the three varieties for 30 cents.

Alba.—Delicate pure white, yellow center, dark eye.

Elegans.—Carmine, yellow center, dark eye.

Rosea.—Dark rose, shaded pink, yellow center, dark eye.

AMPELOPSIS VEITCHII—Boston Ivy.

A slender growing variety of the Virginia Creeper. The young growth during Summer is a dark purplish-green, changing in Fall to the brightest tints of scarlet, crimson and orange. It clings to stonework, trees, etc., and is a splendid plant for covering unsightly objects. It attains a height of fifty feet and is perfectly hardy. Price, 15 cents.

Amaryllis, Johnsonii.

BOUVARDIAS.

Shrubby plants, with corymbs of white, rose, crimson and scarlet flowers, blooming during the Summer and Winter. Their dazzling richness of color and formation of flower make them one of the most useful of our Winter-blooming plants for bouquets.

Alfred Neuner.—A novelty of recent introduction, with pure white double flowers. Price, 15 cts.

President Garfield.—A lovely shade of pink, perfectly double. Price, 15 cents.

Davidsonii.—Clear white, of a beautiful waxy appearance. Price, 10 cents.

Leiantha.—Dazzling scarlet, fine, compact truss, very free bloomer. Price, 10 cents.

Vulcan.—Fine, single flowers, deep crimson. A good variety. 15 cts.

BEGONIAS.**Flowering Varieties.**

They are of a shrubby habit, and make splendid house plants, being easily grown. Almost all of them have beautiful foliage, and are free bloomers, flowering in Winter as well as in Summer. They should be found in every collection.

Alba Perfecta Grandiflora.—Closely resembles the well-known Begonia Rubra in foliage and growth, the leaves rather more of a lance shape, but the same glossy appearance, beautiful pure white blossoms. Price, 10c.

Glaucophylla Scandens.—A drooping species, with large panicles of orange-salmon flowers. One of the most beautiful plants for hanging-baskets in cultivation. Price, 10 cents.

McBethii.—A new hybrid, fine cut foliage, always in bloom, flowers white. One of the most satisfactory Begonias. Price, 10 cents.

Metallica.—This elegant variety has very large glossy leaves, shaded with green, crimson and olive, with a peculiar metallic lustre over all. Flowers large, dark pink. Two sizes, price, 10 and 25 cents.

Rubra.—Though introduced a number of years ago, we have none to equal it as a house plant. The leaves are of the darkest green, the flowers scarlet-rose, glossy and wax-like. Price, 10c.

Hybrida Multiflora.—Very free blooming, beautiful pink flowers. Price, 10 cents.

Weltoniensis.—Exceedingly fine, small leaves of a delicate green, stems and leaf-stocks bright crimson, blossoms waxy pink, produced freely in Summer and Autumn. Price, 10 cents.

Weltoniensis Alba.—Similar to the last named, but with white bloom. Price, 10 cents.

BEGONIA—Rex.

Grown for the great beauty of their foliage. The leaves are large, beautifully variegated and margined with a peculiar silvery-metallic gloss. Much used as pot plants or in wardian cases, ferneries, etc., and in a shaded situation with rich, light soil make good bedding plants.

BALM—Variegated.

Pretty, hardy perpetual, the leaves emitting an agreeable and refreshing fragrance. Of the easiest culture and luxuriant in the shade, and are thus particularly suited for shrubbery or for city gardens. 10 cts.

CALLA ETHIOPICA

An old, favorite plant, grows freely and requires an abundance of water. Produces large pure white blossoms during the Winter and Spring; the resting period during June and July can be given by turning the pots on their sides, without watering, in a shady place. Price, 10, 20 and 30 cents.

CALLA.

Richardia Alba Maculata.—A plant belonging to the same order as Calla Ethiopica, with beautifully spotted leaves. It flowers abundantly during the Summer months, planted out in the open border. Flowers Calla-shaped, and are pure white, shaded with violet inside. It is a desirable plant; kept dry in Winter, and starts in Spring like a Dahlia. Price, 10 cents, large bulbs 20 cents; extra fine, that will produce a number of flowers this year, 40 cents.

CUPHEA—Cigar Plant.

Platycentra.—This plant is of a neat, compact habit, scarlet pendulous flowers, a constant bloomer. Price, 10 cents.

Begonia, Semperflorens Gigantea Rosea.

CALADIUM—Esculentum.

One of the most striking of the ornamental foliage plants in cultivation, either for pot or lawn planting, a full sized plant being four or five feet in height, with immense leaves. The roots should be preserved in dry sand, in the cellar during the Winter. It will grow in any good garden soil, and is easy of cultivation. 20 cents; 6 for \$1.

CENTAUREA—Gymnocarpa.

A desirable ornamental-leaved plant, it forms a diameter of two feet, making a graceful, rounded bush of silvery gray, well fitted to contrast in ribbon lines with dark foliage plants, for hanging baskets it is unsurpassed. Price, 10 cents; 3 for 25 cents; 16 for \$1.

CARNATION PINKS.

One of the most useful and beautiful of cultivated plants, its beautifully formed and variously colored flowers are produced in the greatest profusion, of the easiest culture, and alike valuable for bedding out in Summer or for the decoration of the conservatory or window garden in Winter. Planted out in April, they will commence flowering in early Summer, and continue until checked by cold weather in Fall. Price, 10 cents; 3 for 25 cents; 16 for \$1.

Boule de Neige.—Large, pure white, is delightfully fragrant. A strong, upright grower.

Buttercup.—Rich golden yellow, the same shade as the well-known Marechal Niel Rose, having a few streaks of clear carmine, large and full, strong habit.

Charles Sumner.—Large, bright pink, fringed, strong stems.

Hinze's White.—One of the finest; flowers very large, of perfect shape, white, with a delicate tint of pink, rich clove fragrance, continuous bloomer.

La Purite.—Deep carmine; one of the finest pot Carnations for Winter flowers.

Philadelphia.—Fine form, free flowering, strong, vigorous growth, white, heavily edged, striped very dark crimson, large size, perfect, double, clove scented.

Portia.—Most intense bright scarlet, a vigorous constitution, having not the slightest tendency to die out, flowers good size, finely produced.

Carnation, Hinze's White,

President Garfield.—Deep, rich scarlet-crimson, ends of petals twirled shell-like, flowers produced in great abundance. One of the finest and best varieties grown.

Purple Prince.—Richest plum-crimson, finely shaped, on long stems, remarkably free flowering; a valuable addition in its deep rich color. A favorite.

Rosalind.—Lovely new shade of pink among Carnations, flowers very large, all long stemmed, very free, fine grower, a great favorite.

Sea Wan.—Intensely deep bright crimson, strong, draft habit, very large flower on short stems, very fragrant.

Scarlet Gem.—By far the finest Carnation. Rich dazzling scarlet, dwarf, vigorous habit, and remarkably free flowering.

Sunrise.—Orange ground; striped with crimson, double, fringed, rich clove fragrance; unsurpassed in profusion of bloom, of strong, vigorous, healthy growth. Certain to become a standard sort.

Secretary Blaine.—Large and pure white, very handsomely penciled with rosy crimson; very fine.

CHRYSANTHEMUMS.

The Chrysanthemum is fast becoming one of the most popular flowers. They deserve a place in every collection, as they bloom in the Autumn when flowers are scarce. In no class of flowers has there been more improvement made than in the Chrysanthemums in the last two or three years. We have selected from the endless varieties offered by the introducers the very cream of the different types—Chinese, Japanese and Pom-pone—and offer you from the best of the new varieties. Price, customer's choice, 10 cents, 4 for 25 cents, 18 for \$1; our selection, 20 for \$1—all labeled.

Japanese Varieties.

The Japanese varieties are the most variable in form and coloring, and perhaps the most admired. To describe these is impossible, more than to say they are all irregular in form, some flowers terminating with a flat turban-like center, others with spiral crowns, others in hollow cups. The petals of the flowers are as much varied, being either tubular, curved, plaited or fringed.

Anna Delaux.—Orange-red brightened with cham-
ois, shaded with brown, bordered by gold.

CHRYSANTHEMUMS—Continued.

Ab-del-Kader.—Rich deep maroon-crimson.

Blanc Precoce.—Pure white, nicely imbricated, petals raised at first, then curved when fully opened; hardy.

Christmas Eve.—A magnificent variety of pure snowy whiteness; late.

Dr. Leonard.—Orange and red, yellow center.

Ferdinand Feral.—Flowers large, large tube-shaped petals, rose color, tipped chamoise.

Helvetie.—Full flowers, carmine, shaded amaranth, silvery center.

John Thorpe.—Bright crimson, very decided in coloring; petals tubular for half their length, disposed in a very marked whorled shape.

Ninus.—Beautifully formed flowers, pure white, center straw color. Beautiful for cut-flowers or exhibition purposes.

Parasol.—Golden buff, shaded salmon. A striking sort.

Chrysanthemum, Moonlight.

Reduplicate.—Two flowers, one in the other, violet, shaded carmine and pointed white.

Souvenir de Mont Blanc.—Beautiful ivory-white, large size, long petals, very vigorous and free flowering. Very valuable for specimen plants or cut-flowers.

Fair Maid of Guernsey.—Flowers very large, and of the snowiest whiteness.

Frizon.—Petals curled and twisted and of a beautiful canary-yellow color.

Flamme de Punch.—Flowers large, well formed, silvery white, yellow center.

Glorie de Rayonante.—Quilled flowers of a clear satiny rose, lilac shade. Flowers large, early.

Chinese Varieties.

Annie Thorpe.—Opens blush at first, rather flat, but afterwards forms a complete, round, snowy white ball, petals more or less irregular.

Autumn Glow.—Peculiar flame red, tipped and shaded orange-yellow, flowers large, of great substance, petals beautifully incurved.

- Brahma.**—Dark crimson, pointed with yellow, reverse of petals gold, ranunculus form.
- Dormillion.**—Pæony shaped, beautiful amaranth, reverse of petals white.
- Eleonore.**—Crimson, tipped gold, reverse of petals pink.
- Gloria Munda.**—Bright yellow, early, very fine.
- La Favorite.**—Flowers imbricated, color Bishop's velvet, pointed yellow.
- Mr. George Glenny.**—Very fine flowers of a bright amber or straw color.
- Madame Heale.**—White; one of the finest for pot culture.

- Madame Aristee.**—Beautiful quilled yellow flowers, a very distinct variety.
- Moonlight.**—An exceedingly attractive variety, pure white flowers of immense size. See cut on page 10.

Madame Boucharlet.—Well formed flowers, petals twisted and pointed, amber, passing to a red, very handsome.

Pomponé Varieties.

Anais.—Soft lilac-rose shaded white, petals tipped yellow, very much admired at the New York Chrysanthemum show.

Citroneilla.—Small, golden yellow, perfect form, fine pot plant.

Bronze Button.—Resembling, as the name implies, a bronze button. An excellent variety.

Daisy.—Free flowering, white, daisy-like flowers. The best of its class.

Elegant.—Flowers imbricated and fine shaped, coppery red.

Laciniata Superba.—Flowers imbricated and of the finest form, color tender rose with velvet shadings, petals tipped golden yellow.

Lilace.—Very soft lilac, streaked with white. A beautiful sort.

Mlle. Mathilde Raynaud.—A fine variety. Rose, yellow center, tipped with white.

COCOLOBA PLATYCLADA.

A curious, flat-stemmed plant, very pretty in baskets. Price, 10 cents.

COLEUS.

Variiegated foliage plants, extensively used in bedding. Have been greatly improved lately, and we now have them colored in almost every conceivable manner. Our collection includes the best standard sorts as well as the latest novelties.

We recommend leaving the selection of varieties to us, simply stating the color wanted, as it is hard to give a description of the various shades. Price, 10 cents; 16 for \$1; by express, 20 for \$1.

DAISY—Bellis Perennis.

A pretty little hardy plant for the garden, bearing a profusion of perfectly double flowers, of red, white and variegated colors, and bloom throughout all but the latter portion of the season. They will flower in the window, if taken up and potted in the Fall. Price, 10 cents.

Pearl.—Finest pure white Daisy grown. Perfect double flowers an inch in diameter, and borne on long stems. A very profuse bloomer.

Rosalind.—Delicate carmine, blending to clear rose, rounded like a miniature Chrysanthemum.

Victoria.—Strong, robust grower, flowers large, often two inches in diameter, bright crimson, on long stems.

Fuchsia, Snow White.

DEW PLANT—Var.

Interesting plants, having the appearance in sunshine, of being covered with dew, leaves variegated yellow and green. Good for baskets or rock work. Price, 10 cents.

DICENTRA.

Dicentra Spectabilis, sometimes called Bleeding Heart, bears heart-shaped, deep pink flowers, a dozen or more being borne on a graceful, drooping raceme a foot or more in length. Excellent for the garden, and perfectly hardy everywhere, and for the house there are very few plants that will give more pleasure for so little trouble. 15c.

EUPHORBIA SPLENDENS.

A continuous blooming plant; stems covered with spines an inch in length, scarlet flowers with yellow centers. Price, 15 cents.

FICUS ELASTICA—India Rubber Plant

Known as the India Rubber Tree; has large, dark green, showy foliage. Price, 50 cents to \$1.

**DWARF FEVERFEW—
Little Gem.**

The great value of the old Dwarf Feverfew for cut-flowers during the Summer, Fall and Winter, is well known to florists and others. This variety surpasses it in every way. The flowers are larger, of more perfect form, and of the purest white. Price, 10 cents, 3 for 25 cents.

FUCHSIAS.

The Fuchsias are elegant flowers, delicate in color, and exquisitely graceful in form, and when in full bloom nothing can surpass the beauty of well-grown specimens. They delight in a light, rich soil, and may be grown either as pot plants or planted out of doors. In either case they should be protected from the hot mid-day sun. Price, 10 cents; eight sorts, our selection, 50 cents.

Aurora Superba.—Orange-scarlet corolla, sepals rich salmon.

Arabella.—Improved; tube and sepals pure white, corolla rose color.

Black Prince.—Tube and sepals bright waxy carmine, sepals large and broad, corolla large and open, pale pink.

Elm City.—Sepals rich crimson, corolla deep purple, double; very free flowering; extra fine.

Earl of Beaconsfield.—Very free flowering; tube and sepals light rosy carmine, corolla deep purple, single.

Monstrosa Superba.—Corolla pure white, very double, immense size, free blooming.

Mad. Von der Strass.—Large, fine and elegantly formed, sepals long and well reflexed, pure red, corolla large, double, white; extra fine.

Pascal.—Peculiar combination of light red and rosy purple.

Purple Prince.—Sepals scarlet, corolla a beautiful distinct blue; very dwarf.

Rose of Denmark.—Tube and sepals ivory-white, corolla pink.

Speciosa.—A Winter-blooming variety of large size, tube and sepals blush, corolla bright crimson, single; desirable.

Snow White.—Fine, new, double white, corolla large and of great substance. See cut, page 11.

Sunray.—Leaves are richly marked in about equal proportions with bright crimson, creamy white, bronze green. Price, 25 cents.

Wave of Life.—Golden foliage, dark purple, single flower.

Golden Bronze Geranium.

FERNS.

Adiantum Veneris.—(Maiden Hair Fern.) Its delicate foliage is greatly admired in the making up of bouquets and baskets. 15 cts.

Pteris Tremula.—(Shaking Fern.) Large and graceful foliage, of easy culture, is

well suited for house culture. Price, 15 cents.

GERANIUMS.

Geraniums are the most popular and most useful flowering plants in cultivation. No class is better adapted for bedding in our hot dry Summers, and it flowers profusely during heat and drouth. The prejudice existing against the double varieties is without warrant, as the newer varieties are equally fine for bedding as the single, with the additional value that the flowers last two or three times as long when cut. They make excellent Winter-blooming plants. The Geraniums we offer are particularly noticeable for great freedom of bloom, extraordinary size of trusses and individual flowers, and for new shades and colors. Our collection covers all the most desirable colors, and are all fine. Price, 10 cents, except where noted; 15, our selection, \$1. Persons ordering need not fear to leave the selection to us, as we have no worthless varieties.

Single Geraniums.

Bride.—Carmine-lake shaded to soft rose.

Dr. John Denny.—Deep crimson, shaded pinkish magenta, with bluish shade.

Ivy-Leaved Geranium.

GERANIUMS—Continued.

- Dazzler.**—Rich scarlet, large white eye, showy.
- General Sheridan.**—A superb scarlet, always in bloom, good bedder.
- General Grant.**—Fine scarlet, good bedder.
- Distinction.**—Scarlet flower, peculiarly marked foliage.
- Leviathan.**—Bright crimson-scarlet, shaded vermilion, strong grower, free bloomer, immense truss.
- Mrs. George Smith.**—Deep salmon color.
- May Queen.**—Flowers flesh color, half of upper petals pure white, with margins of white on lower petals, very large, fine round trusses.
- John Salter.**—Delicate salmon, much deeper in the center, shading to white at the edges.
- Jealousy.**—Bright orange-scarlet, so much so as to give a decided yellow hue; a beautiful sort.
- New Life.**—Scarlet flowers, flaked and striped with salmon and white, variable in character.
- Queen of the West.**—Bright orange-scarlet, large truss and profuse bloomer. No finer bedder.
- Sara Bernhardt.**—A grand new Geranium with white flowers. Price, 15 cents.
- Voltaire.**—Rich crimson-scarlet, large white eye.
- White Perfection.**—Profuse bloomer, pure white. Is without equal for Winter.

Double Geraniums.

- Alba Perfecta.**—Large, fine, snowy white flowers, very good bloomer.
- Asa Gray.**—Salmon-pink, mixed with white. One of the best sorts, an excellent bedder.
- Bishop Wood.**—Upper petals carmine-scarlet, lower petals violet, an excellent bedder.
- Candidissima.**—Large, full, finely formed, snowy white flowers, not changing to pink.
- Commandant Ott.**—Scarlet-orange, shading into vermilion, enormous truss, carried well above the foliage, habit and form very fine.
- Dr. Jacoby.**—Enormous trusses of large double flowers, of a clear nankeen salmon, one of the best.
- Ernest Lauth.**—Deep glowing crimson, illuminated with scarlet, large, full and well formed.

- Emil de Girardin.**—A splendid variety, with enormous trusses of rose-colored flowers.
- Grand Chancellor Faidherbe.**—A superb new variety, double flowers, dark soft red, tinted with scarlet, heavily shaded with maroon, very dark and rich, and at the same time very bright.
- Guillion Mangilli.**—A very fine bloomer, dazzling crimson scarlet, shaded with violet.
- Henry Cannel.**—Scarlet, florets of great size and perfect form, always in bloom.
- Irquois.**—New, intense deep scarlet, very large and double, very free flowering.
- James Vick.**—Of great size, deep flesh with dark bronze shadings, fine free habit and entirely distinct; worthy of the name.

Gladiolus Flowers.

- Jennie Reid.**—Dwarf, bright scarlet, good bloomer.
- J. H. Klippart.**—Trusses very large, dazzling scarlet, shaded mahogany at base of petals, free bloomer.
- J. P. Kirtland.**—Large, rich deep crimson, dashed with purple, upper petals are stained with scarlet.
- James V. Murkland.**—Bright peach-rose center, broadly margined with white; large, finely formed truss, compact habit. 20 cents.
- J. P. Stahl.**—Deep soft rose, edged with salmon, beautiful. One of the finest new Geraniums.
- Lemoines Cannel.**—Rich amaranth-red, under petals strongly marked purple.
- Le Pilote.**—Glowing crimson-scarlet, brilliant and handsomely formed flowers.
- Le Trouvere.**—Flowers dazzling orange-red strongly shaded with brick red.
- Mrs. Hayes.**—Very double, beautiful light shade of pink or flesh color; very fine.
- Monsieur Geliene Lowaige.**—Bright scarlet, toned salmon, spots of a lighter shade at bases of two upper petals.
- Minister of Constans.**—Flowers very large and full, bright orange, shaded with salmon.
- Miss McMurray.**—An immense flower, fine shape, rich salmon, with lighter margins, large, bold trusses, of a sturdy habit, distinct and fine. Price 15 cents.
- Madame Thibaut.**—Flowers very large, rich rose washed with violet-carmine, bases of upper petals strongly marked white.

GERANIUMS - Continued.

- President James A. Garfield.**—Large scarlet flowers with large white eye. A strong grower and free bloomer.
- Peach Blossom.**—New, white, shaded and marbled with light and dark peach pink, trusses good size; good habit; fine for pot culture. 15c.
- Peter Henderson.**—A very fine variety, bright orange-scarlet flowers of fine shape, trusses globular and freely produced.
- Remarkable.**—A much improved Ernest Lauth, with better shaped flowers of a deeper grade.
- Robert George.**—Deep crimson scarlet, great size, a free bloomer.
- Sunlight.**—Most intense fiery salmon, shaded with orange, very free growth, large bold trusses; a valuable and distinct bedding variety. 15 cts.
- The Blonde** —Deeply shaded orange, base of petals white, a distinct white margin around each.
- Victor Hugo.**—Flaming orange-red, bordered with white, fine double flowers.
- William Hamilton.**—Rich deep crimson, with very bright maroon shadings, large and well shaped.

Golden Bronze Geraniums.

- This class is admirable for bedding purposes, growing vigorously, succeeding best and assuming their brightest color during the heat of Summer. They not only have attractive foliage, but the beauty and variety of the flowers add additional value to them. 10 cents. See cut, page 12.
- Black Douglas.**—Golden yellow, with broad red zone, pink flowers.
- Bismarck.**—Foliage yellow, dark chocolate zone, compact habit.
- Chieftain.**—New, fine showy foliage, golden disc surrounded by a wide bronze zone. 15 cents.
- Crystal Palace Gem.**—Broad golden-yellow margin, with a central disc of green, dwarf and free, one of the best.
- Distinction.**—Very peculiar leaf markings, not a bronze; the leaves are encircled near the edge with a very narrow zone of deep black.
- Exquisite.**—New, large chocolate zone, with large golden yellow center, edges variegated, flowers salmon, tipped white.
- Fanny.**—Golden yellow foliage, with bright red zone, large trusses of charming peach-colored blossoms; extra.
- Marshal McMahon.**—Golden yellow, with a zone of dark chocolate, fine large foliage, a splendid bedder, a magnificent variety.

Silver-Leaf Geraniums.

- This class is offered at 10 cents each.
- Madame Sollerai.**—New, partakes to some extent of the character of the Ivy-leaf Geranium. It makes a round, pretty plant, about one foot

high and wide. Foliage bright green, edged pure white. Valuable for bordering or specimen plants.

- Mountain of Snow.**—A fine strong grower, center of leaf bright green, with a broad silvery white margin; flowers scarlet, well above the foliage, good for bedding.
- Snow Storm.**—Dark green foliage, distinctly margined with white, a robust grower, scarlet flowers, an elegant bedder.
- Silver Pheasant.**—Leaves a pale green, margined with creamy white, flowers scarlet, fine grower.

Golden Tri-Color Geraniums.

- As an ornament for the parlor or conservatory, nothing excels this class of beautiful plants. The flowers are quite attractive, in addition to richness of foliage. Price, 25c., except where noted.
- Freak of Nature.**—New, very unique and attractive, outside leaves light green, with a large pure white center, flowers light scarlet.
- Happy Thought.**—Instead of the usual yellow outer belt or margin, in this instance the color forms a large, conspicuous cream-yellow blotch in center of the disc of leaf; flowers rich magenta rose, tinted with scarlet. Price, 10 cents.
- Mrs. Pollock.**—Bright bronze red zone, belted with crimson and edged with golden yellow, a beautiful variety.
- Mrs. Clutton.**—The finest of all Tri-colors. Rich bronze zone, tinted with carmine shaded to rose, delicate creamy white margin. Price, 20 cents.
- Prince Silverwings.**—A beautiful variety, silver tri-color, foliage green, yellow and white edge, crimson zone. Price, 20 cents.
- Sir Robert Napier.**—The broadest and darkest zone, indented with brilliant scarlet, flesh-colored flowers. Price, 35 cents.
- Sunset.**—Rich broad outer golden belt, the inner margin of which is overlaid with a bright carmine-rose zone, and flame scarlet tints.

Ivy-Leaf Geraniums.

- Although the foliage of this beautiful class is of sufficient interest to warrant its cultivation, yet the value is greatly enhanced by the beauty and profusion of its flowers. Well adapted for rock work or vases, and for drooping over baskets or training on trellises. Price, 10 cents.
- M. Dubus.**—Flowers double, deep beautiful pink, an extra fine sort.
- Le Elegante.**—Single, brilliant green foliage with creamy white band, sometimes changing to pink. Pure white flowers.
- Jean de Arc.**—New, flowers pure white, double, perfect form. An exceedingly beautiful sort.
- Count Horace de Choiseul.**—Double, bright rose, ends of petals touched silvery white, large, finest.

GERANIUMS—Continued—Sweet Scented.

The fragrant Geraniums are a treasure. For making bouquets and as a background for button-hole flowers they are indispensable. The leaves are beautiful as well as fragrant. Some varieties are more finely cut than others, as will be seen by the descriptions. Price, 10c., except where noted.

Apple.—Round, light green leaf, delightfully fragrant. 25 cents.

Balm Scented.—Deliciously fragrant, very large foliage.

Dr. Livingston.—A fine new variety; cut leaf.

Fernifolia Odorata.—Most delicate cut-leaf variety, of delightful fragrance, very free grower, Leaves valuable for mixing with cut-flowers. 25c.

Mrs. Taylor.—Foliage not very fragrant, but beautiful, flowers scarlet, in good clusters, shaped like a small Pelargonium, blooms very freely and constantly.

Nutmeg Scented.—Small leaves, resembling those of the apple scented.

Pepper.—Cut foliage, pepper scent.

Rose Scented.—The most popular of all scented Geraniums.

GLADIOLUS.

Of all Summer flowering bulbs, the Gladiolus stands at the head as the most varied and beautiful. Flowers produced in spikes two feet in height and upwards, the brilliant scarlet and crimson of some form a striking contrast with the delicate shades and pencilings of the lighter colored varieties. By planting at intervals, from the first of May to the middle of June, a succession of flowers can be had from July to October. Our unnamed mixed varieties are unusually fine, and to those wishing a fine display and not wishing to keep varieties named will answer every purpose. Price, 3 for 25 cents, 15 for \$1.

HELIOTROPES.

Universal favorites on account of their delightful fragrance. Flower equally well as bedding plants in Summer or as pot plants in the house during Winter. Price, your selection, 10 cents, 3 for 25 cents; our selection, 4 for 25 cents.

Florence Nightingale.—Dark lavender, fine.

Juliette.—Large heads of rich lilac.

Mad. de Blonay.—Very large trusses of pearly pure white flowers.

Roi des Noirs.—Richest dark purple-violet, delightfully fragrant.

Swany Giant.—The first shade of red obtained in the Heliotrope, being what might be termed carmine-rose.

White Lady.—A strong grower, very profuse in bloom. Free branching. Flowers large and pure white.

HYDRANGEAS.

Hortensia.—This well-known garden variety has immense heads of beautiful pink

Heliotrope, Florence Nightingale.

flowers, a fine sort. Price, 10 cents.

Otaksa.—Large bright pink flowers, tinged with blue. A splendid plant. Price, 10 cents.

Paniculata Grandiflora.—Highly ornamental, with large dense flower-heads; opening pure white and tinted with rose in their mature bloom. Flowers profusely during Summer, perfectly hardy. Three sizes, price, 15, 25 and 50 cents.

Rosea.—Similar in habit and growth to the popular Thomas Hogg, except in color, which is a bright rosy red. Price, 20 cents.

Thomas Hogg.—An introduction from Japan. Large pure white flowers, which, on well grown plants, measure more than 12 inches in diameter. Price, 10 cts.

HELIANTHUS.

Multiflorus Plenus.—A beautiful hardy plant, growing to the height of three to four feet; flowers rich golden yellow, very double and as large as a medium-sized Dahlia. Blooms from July till frost. Price, 15 cents.

Hydrangea, Hortensia.

HONEYSUCKLE.

The different varieties of the Honeysuckle are esteemed among the most desirable hardy climbers. Price, 10 cents.

Hall's Halleana.—An evergreen variety from Japan; flowers pure white, changing to yellow, very fragrant, covered with flowers from June to November.

Japan Golden-Veined.—Beautifully variegated foliage, leaves netted and veined with clear yellow, flowers yellow and fragrant.

Chinese Twining.—Retains its foliage late in Winter, flowers nearly white, quite distinct.

HIBISCUS.

We cordially recommend all to grow these magnificent shrubs. They bear large, gorgeous blossoms, single and double, make excellent Summer bedders, blooming continually under the warmest sun; if grown in pots, will flower well in the parlor or conservatory. Price, 10 cents, except where noted.

Auriantica.—Large double orange colored flowers.

Collerii.—Double flowers, buff-yellow with scarlet base, very distinct. A new variety from South Sea Islands. 15 cents.

Carminatus Perfectus.—Large single flowers of great abundance, scarlet shaded to rose, with distinct crim on marking.

Cooperi.—Beautifully variegated foliage, white, green and pink.

Miniatus.—Semi-double flowers, brilliant vermilion-scarlet, very handsome.

Rubra.—A double variety, with large red flowers.

Versicolor.—Very large single flowers, beautifully striped crimson, rose and white.

HOLLYHOCKS.

An old-time favorite, and one of the most valued of Summer flowers. Our collection embraces all shades of pink, maroon, rose, yellow, etc., and from their stately growth and magnificent spikes of double flowers may justly demand a place in every collection, when suitable situations for their tall growth can be found. Price, 10 cents; \$1 per dozen.

HOYA CARNOSA—Wax Plant.

A climbing plant with thick fleshy leaves, bearing umbels of beautiful flesh-colored star-shaped flowers. One of the best plants for house culture, as it stands extreme heat and cold better than most plants, and is not easily injured by neglect. Price, 30 cents.

Variegata.—A beautiful variety, leaves blotched and irregularly marked with creamy white, occasionally suffused with crimson.

IBERIS SEMPERVIRENS.

An evergreen shrub of dwarf habit, with pure white flowers. Blooms Summer and Winter. 10c.

IPOMŒA NOCTIPHYTEON.

Evening Glory or Moon Flower.

This plant has no superior as a climber of rapid growth to cover arbors, verandas, old decayed trees, or walls. Its flowers are pure white, five inches in diameter, moon-like, and as they expand at night have a striking effect. 10 cts., 3 for 25 cts.

IVIES.

Canariensis.—(English.) Valuable for covering brick walls, and upon the north or shady side of buildings; also excellent parlor ornaments, and most desirable hanging-basket plants. 10c.

Mikania Scandens.—(German or Parlor.) A strong growing climber, green foliage, suitable for large baskets and vases. Price, 10 cents.

Mikania Scandens Variegata.—A variegated variety of the Parlor Ivy, leaves green and white, very pretty, needs shade. Price, 15 cents.

JASMINES.

Grandiflorum.—(Catalonian Jasmine.) Flowers pure white, star-shaped, of exquisite fragrance, Blooms from October till May without intermission. Price, 15 cents.

Revolutum.—A yellow flowered Jasmine, growing rapidly to the height of from ten to twenty feet; nearly hardy, exquisitely fragrant. 10c.

Group of Hibiscus.

LANTANAS.

We have few bedding plants that bloom more continuously, or afford a greater variety of colors than the Lantana. Grown in pots or tubs, they make splendid specimen plants for porch or lawn, and can be kept in a light cellar during Winter. Price, 10 cents, 3 for 25 cents.

Alba Perfecta.—Pure white, compact habit.

Aurora Boreale.—A delightful shade of lemon-yellow.

Don Calmut.—Flowers lilac, orange center.

Harkett's Perfection.—Foliage variegated with yellow, flowers lilac.

Michael Schmidt.—Flowers fresh and sparkling, of a brilliant yellow, passing into purple-vermilion.

Monfct.—Light lilac, pinkish center, a true bi-color variety, superb.

LILY OF THE VALLEY.

One of the most charming of Spring-flowering plants, producing in profusion its delicate, bell-shaped, delightfully fragrant white flowers. It will thrive in any common soil, and will do well in shady situations, where few other plants will succeed. Price, 5 cents, 6 for 25 cents.

MADERIA—Mignonette Vine.

One of the finest plants for rapidly covering trellis work, flowers feathery and white, with fragrance of Mignonette. 10c.

OXALIS.

Florabunda Alba.—An ever-blooming variety, used for pots or baskets. 10 cents.

Rosea.—Similar to the above, with rose-colored flowers.

Lutea Plena.—Charming for pot or basket, large trusses of very double, clear, yellow flowers. The bulbs can be saved over, if kept dry. New. 10c., 3 for 25c.

ORANGE—Chinese Dwarf.

The Orange can be easily cultivated in pots in the North, and form attractive plants, with their rich, glossy leaves, which are also pleasantly fragrant if chafed. The flowers are noted for their delicious fragrance. This variety is very dwarf and is very ornamental. Small plants will lavish their flowers in the greatest profusion and be literally covered with fruit. Price, 25 to 50 cents.

Lily of the Valley.

OTHONNA—Crassifolia.

Resembles the Sedums both in growth and habit; flowers bright yellow, produced very freely. A fine plant for vases and baskets. Price, 10 cents.

PANSIES.

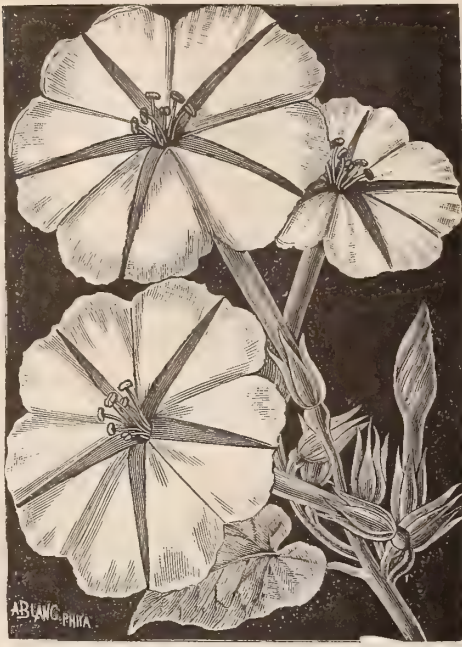

This class of plants can hardly be over-estimated. Coming as they do in the early Spring, when the garden is nearly bare of flowers, and again in the Autumn after everything is gone, they are truly indispensable. They have an almost unlimited range of color, from nearly jet black through all the intermediate colors of yellow and blue to pure white, hardly any two being marked alike. Our strain of these beautiful flowers has been selected from the best foreign and domestic collections, and it has taken years of careful selection to bring them to their present standard of excellence. Price, nice plants for bedding, 5 cents; 25 for \$1; \$2.50 per 100.

Pansy.

PLUMBAGO.

Capensis.—A splendid bedding variety with large trusses of azure-blue flowers, continuing the whole Summer. The scarcity of this color in bedding plants makes it very attractive and desirable. We would cordially recommend it to your attention. Price, fine plants, 15 cents.

Moon Flower. (See page 16.)

PILEAS.

Mucosa.—(Artillery Plant.) Graceful fern-like foliage and immense numbers of very small flowers, which produce a snapping sound when sprinkled. Price, 10 cents.

POMEGRANATE.

Beautiful bedding or pot plants, of symmetrical growth; are deciduous; after frost can be kept in a cellar or under the staging of a greenhouse until they start in the Spring. Quite hardy in the South. 10 cents.

Alba Plena.—Very double, creamy white flowers.

James Vick.—A dwarf growing variety, flowers brilliant orange-scarlet, blooming profusely when not more than a foot high.

Variegata.—Flowers very double, yellow flaked with scarlet.

Double Fringed Petunia.

PRIMROSE—Chinese.

Single Red and White.—One of our finest Winter-blooming varieties, the single varieties blooming more profusely than the double sorts, and of easier culture. Price, 10 cents, 3 for 25 cts.

Double White.—Perhaps this is the most profitable of all plants cultivated for Winter flowers. Price, 25 cents.

PETUNIAS.

The Double Petunia is one of the finest bedding plants for massing, mixed borders, or for vases. The brilliancy and variety of its colors, combined with the duration of its blooming period, render it invaluable for garden decoration. It is deserving of a prominent place in every collection. Our strain is of the best. See cut. Price, 10 cents.

Chinese Primrose.

IN SUBMITTING our revised list of Roses to our friends and customers, we feel justified in stating that our stock this season is the largest and finest we ever offered. Special attention has also been paid to the varieties, and we are confident none unworthy are contained in our list.

TEA AND EVER-BLOOMING ROSES.

Price, except where noted, your selection of varieties, 10 cts. each, 13 for \$1; 15 choice named varieties, our selection, \$1.

Adam.—A lovely Rose; bright fresh carmine-pink, extra large size, very double and full, a free bloomer, delicious tea scent.

Alba Rosea.—Beautiful, creamy white, with rose-colored center, petals shaded with blush, very double and fragrant.

Agrippina.—Brilliant fiery red, full and sweet, an early and profuse bloomer, much esteemed.

Aline Sisley.—Large and full, very double and sweet, rare shade of violet-red, brightened with crimson-maroon; makes elegant large pointed buds; very beautiful.

Appoline.—Large, full and double, exceedingly sweet, clear pink, dashed with rosy crimson, edges and reverse of petals silver-rose. One of the best.

Bougere.—Splendid, extra large, very double and full, exceedingly sweet tea scent, color bronze rose, or violet crimson, delicately shaded lilac.

Bon Silene.—Noted for the great size and beauty of its buds, which are valued very highly for bouquets and decorative purposes; deep rose color, sometimes bright rosy crimson, occasionally pale, light rose; very sweet and beautiful.

Bella.—Pure snow white, large, very double and full, tea scent, splendid large pointed buds, an excellent sort.

Celine Forestier.—Deep sulphur-yellow, good size and very double, highly fragrant, and one of the hardiest and best.

Crimson Bedder.—Medium size, rich, dark velvety crimson, very double, full and beautiful; one of the best for bedding.

Catharine Mermet.—A beautiful and valuable variety, clear rose-pink, with delicately shaded amber and fawn center, large, full and globular, very double and sweet. One of the finest Teas, and unequalled by any Rose of its color. See cut on page 20.

Chromatella, or Cloth of Gold.—Clear, bright yellow, large, very full and double, very sweet. Much prized in the South as a pillar or veranda Rose.

Cramoise Superieur.—Rich crimson, double and of right good form, very free and good, one of the finest.

Cornelia Cook.—Much sought after for its beautiful buds, and is still very scarce, is pure white, faintly tinted with blush.

Clement Nabonnand.—Charming buds and beautiful flowers. Coppery-rose, tinged with purplish crimson, a constant and profuse bloomer, very good.

Comtesse Riza du Parc.—Very large, full, double and sweet, color bright coppery-rose, tinged and shaded with soft velvet crimson.

Douglass.—Dark cherry red, rich and velvety, large, full and fragrant. Very desirable for forcing or bedding.

Duchess de Brabant.—Few Roses equal this in freedom of bloom, none surpass it in either fragrance or vigor. The flowers are rather loose when open, but are rich and pleasantly colored, being rose, heavily shaded with amber and salmon.

ROSES—Continued.

Duchess of Edinburgh.—A splendid Rose, in great demand for its lovely buds, and remarkable for its beautiful color, which is of the most intense glowing scarlet. Price, 15 cents.

Hermosa.—Always beautiful and always in bloom. The flower is cupped, full and finely formed, the most pleasing shade of pink, soft but deep, fragrant. A standard variety.

Isabella Sprunt.—A lovely Tea Rose of exquisite fragrance, clear lemon-yellow, a continuous and persistent bloomer, and one of the best for Winter flowers.

La Princess Vera.—One of the finest Tea Roses, is a vigorous grower, very full and double, has immense buds, color pale flesh, changing to salmon-rose, shaded with carmine, very sweet tea scent; magnificent sort. See cut on page 21.

Lamarque.—Large, borne in clusters, which is a distinctive feature of the Rose, established plants bearing thousands of flowers. A fine pillar Rose in the South.

Louis Phillippe.—Flowers rich, dark velvety crimson, profuse bloomer, good form and substance, full and double. An excellent bedding Rose.

La Pactole.—Pale sulphur-yellow, large, full and double, beautiful buds, very sweet tea scent.

Lucullus.—Beautiful dark crimson-maroon, large, full and fragrant, very double, a constant and profuse bloomer. Extra good for out-door culture.

Madame Bernard.—Large, full form, very double, exceedingly sweet. Fine apricot-yellow, sometimes golden-yellow, faintly tinged with blush.

Mme. Welche.—(See Novelties. page 5).

Madame Celine Berthod.—A fine new Rose, large deep clear yellow, good full form, very double, sweet tea scent.

Catharine Mermet. (See page 19.)

Madame Bravy.—Large, creamy white, of great substance, perfectly and beautifully formed, of only moderate growth.

Marechal Neil.—Incomparably the finest Rose in any section or of any color. The flower, which is extremely large and perfectly formed, is a rich golden-yellow, and very beautiful when in bud. Climbing habit.

Marie van Houtte.—Pale yellow, edges of petals often lined with rose, well formed, fragrant and of good habit, very free blooming and in every respect most charming sort. One of the finest for out-door culture.

Madame Falcot.—Fine apricot-yellow, beautiful orange buds, tea scent, a constant bloomer.

ROSES—Continued.

Marie Guillot.—White, tinged with delicate shade of lemon, large, full and beautifully imbricated in form. One of the white Teas, the perfection of form in Tea Roses; highly fragrant.

Madame Pauline Labonte.—A beautiful Rose, fine full form, very double and fragrant, salmon-rose, delicately tinged and shaded with fawn and amber; a profuse bloomer.

Marie Sisley.—An elegant Rose, full and double, a delicious tea scent, an exquisite shade of pale yellow, broadly margined bright rose.

Madame Margottin.—A good Rose and a favorite, very large, perfectly double, elegantly perfumed. Beautiful dark citron-yellow, bright red center, a strong grower and quite hardy.

Madame Lombard.—Extra large, full flowers, very double and sweet, a beautiful shade of rosy-bronze, changing to salmon and fawn, shaded carmine, reverse of petals deep rosy-salmon.

Mlle Rachel.—Lovely Tea Rose, pure snow white, very double, deliciously scented, beautiful buds, elegant for either house or open ground culture.

Madame de Watteville.—(See Novelties, page 5).

Madame Caroline Kuster.—Beautiful orange-yellow, clear and distinct, fine full form, large and very double, highly perfumed; very desirable.

Madame Capucine.—Nasturtium yellow, beautiful buds; very distinct.

Madame Joseph Schwartz.—White, beautifully flushed with pink, plant grows with great vigor, is extremely free with its flowers, medium size, cupped and borne in clusters.

Marechal Robert.—White, the center shaded with flesh, large and full.

Madame Devacout.—Magnificent, new and scarce; beautiful clear canary-yellow, very double and full, beautiful in bud and flower, fine tea scent.

Marie Duchere.—Rich transparent salmon, fawn center, large, very double and sweet.

Niphotos.—(See Novelties, page 5).

Perle des Jardins.—(See Novelties, on page 5).

Pink Daily.—Light pink flowers, produced in clusters in great profusion.

Queen's Scarlet.—Dazzling crimson-scarlet, beautiful buds, much prized for cut-flowers, sweet, hardy.

Rubens.—White, delicately tinted with rose; long, very large and beautifully formed buds. The shading is ex-

quisite. Of good habit and free. One of the most beautiful Roses.

Reine Marie Henrietta.—A vigorous climbing Hybrid Tea; large, full and well formed, cerise-red; sometimes called Red Glorie de Dijon.

Souvenir de La Malmaison.

A noble Rose; flower extremely large, quartered and doubled to the center, color flesh-white, clear and fresh.

Souvenir de Madame Pernet.—Beautiful, soft silver-rose, underlaid with yellow, large, full flowers, very handsome bud.

Souvenir d'Elsie Varden.—Very beautiful and entirely distinct, elegantly cupped form, very full and double, exceedingly fragrant, creamy white, delicately shaded pink.

Safrano.—Grown everywhere for its beautiful saffron colored buds. Florists use great quantities of them in floral work, large numbers are sold during Winter.

La Princess Vera. (See page 20.)

General Jacqueminot. (See page 22.)

ROSES—Continued.

Souvenir d'Un Ami.

Souvenir d'Un Ami.—Fine, delicate rose, shaded with salmon, very large, full and double, exquisitely fragrant; a vigorous grower and free bloomer. This has been a popular Rose for more than thirty years, and is still considered one of the best Teas.

Solfaterre.—Fine, clear sulphur-yellow, good form, large, full and double, very sweet and good. A fine pillar Rose in the South.

The Bride.—(See Novelties, page 4).

Washington.—Of medium size, pure white, strong grower, and blooms in large clusters.

HYBRID PERPETUAL ROSES.

The Hybrid Perpetuals are among the most valuable of all Roses. They are particularly desirable for cold climates, because they are entirely hardy, also in the South, as they add another distinct type of beauty to the Ever-Blooming Roses, which there flourish so luxuriantly. Should not be ordered for house culture, as they are not

Queen's Scarlet. (See page 21.)

suited for that purpose. They will grow and thrive as well as the others, but are not so certain to bloom. Price, 10 cents.

Augustie Mie.—Clear, bright pink, very large and finely cupped, fragrant and good.

Baroone Prevost.—Beautiful pure bright rose, shaded with crimson, very large, finely scented.

Coquette des Alps.—Large white flowers, occasionally shaded with bright pink; constant bloomer, bearing its flowers in clusters. A fine Rose.

Coquette des Blanches.—Pure snow white, large and full, very double and fragrant. Fine.

General Jacqueminot.—Bright crimson-scarlet, exceedingly rich and velvety. See cut, page 21.

General Washington.—Rosy carmine, unusually glossy and brilliant, double and well formed.

Giant of Battles.—Brilliant crimson, large, very double and sweet. One of the best.

Climbing Jules Margottin.—Same as Jules Margottin, but of more vigorous habit.

Madame Plantier. (See page 23.)

ROSES—Continued.

Jules Margottin.—Bright, clear cherry red, large and very double, free bloomer and vigorous. A magnificent Rose, and a general favorite.

La Reine.—Beautiful clear bright rose, fine full form, very fragrant.

La France.—Hybrid Tea. (See Novelties, on page 5).

Madame Charles Wood.—The most conspicuous bloomer among the true Hybrid Perpetuals, flowering all through the season. Rosy-crimson, sometimes darker; large, double to the center of open form. A low grower, but branches freely.

Magna Charta.—Blooms only in Spring, but the flower is beautifully shaped and colored. Bright carmine-pink, large and globular, fragrant. Fine, vigorous habit, produces a beautiful bud.

Madame Plantier.—Not a true Hybrid Perpetual. Blooms only in the Spring, but at that time is literally covered with pure white, perfectly double, fragrant flowers, which hang on for a long time. Makes large dense bushes. As hardy as an oak; a beautiful cemetery Rose.

Paul Neyron.—The largest Rose in the section, but never coarse. Dark rose color, double and handsomely formed. Blooms here all the season, and is an unusually strong and healthy plant. One of the best.

Prof. Koch.—Rich, deep crimson.

Prince Camille de Rohan.—Very deep velvety crimson, large and moderately full.

Souvenir de Charles Montault.—Fire red.

Thomas Mills.—Bright rosy carmine, flowers large and cupped.

Triumphe de Beaux Arts.—Metallic-rose, flamed with scarlet; large, very fragrant and full; a splendid sort.

HARDY CLIMBING ROSES.

Climbing Roses are valuable for training over ornamental arbors, trellises, pillars, verandas, etc., also for covering unsightly objects, as old buildings, fences and walls. In many positions they are objects of

Princess Beatrice. (See Novelties.)

rare beauty, and are highly esteemed. The varieties given here are hardy, and succeed well in all sections of the country. In the South many varieties of the 'Ever-Blooming Roses can be used as climbers. Price, 10 cents.

Baltimore Belle.—Pale blush, variegated carmine, rose and white, very double, flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the very best Climbing Roses.

Champney.—A hardy Rose, quite double and very fragrant. Flowers deep rose, changing to pale rose; desirable.

Greville, or Seven Sisters.—Flowers in large clusters; varies in color from white to crimson; a good variety.

Prairie Queen.—Flowers very large and of peculiar globular form. Bright rosy red, changing to lighter as the flower opens. Of very strong, rapid growth.

Polyantha]Roses.

POLYANTHA ROSES.

This is a new class of Roses, the parents of which have been recently introduced from Japan. They might well be called "Fairy Roses," with their miniature and beautifully shaped flowers, which are borne in great clusters. We have seen over fifty flowers on one branch. They are admirably adapted for planting in the border in Summer, or for pot culture and forcing in Winter. Price, 10 cents.

Anna Marie de Montravel.—The flowers are pure white, and about an inch and a half in diameter.

Miniature.—One of the most beautiful miniature Roses. The flowers are quite small and of regular form. Plant very dwarf, but vigorous and branching. Color white slightly tinted with a peachy pink.

Mignonette.—One of the most lovely and beautiful of miniature Roses. The flowers are full and regular, perfectly double, borne in large clusters, and deliciously perfumed; color clear pink, changing to white, tinged with pale rose, the best of its color.

Mlle Cecile Bruner.—Color salmon-pink, heavily shaded with bright rose; very sweet and beautiful.

Parquerette.—We consider this variety the best of all the Polyantha Roses. The flowers are pure white, and about one inch in diameter. It flowers in clusters of from five to fifty blooms. Very full, prettily formed, and nearly equals the double white Primrose in profuse blooming during Winter.

Perle d'Or.—Color of buds beautiful nankeen yellow, with vivid orange center, each petal tipped with white, changing to buff-tinged rose in the open flower. Splendid.

Moss Roses.

MOSS ROSES.

The Moss Roses are very popular and much admired for their beautiful buds, which are covered with a moss-like texture. They are perfectly hardy. Being difficult and hard to propagate, the price is necessarily higher than other Roses. Price, 20 cents.

Aphelis Purpurea.—Violet-purple, large and full, very double and fragrant.

White Bath.—Pure white, in clusters; very beautiful, free blooming, very mossy.

Princess Adelaide.—Fine reddish-blush, large and vigorous.

Glory of Mosses.—Pale rose, very large, full and beautiful.

Henry Martin.—Fine rosy-pink, large, full and globular.

Elizabeth Roe.—Bright satiny-pink, large, double, fragrant, and finely mossed.

Fuchsia, Paris Murcie. (See Novelties, page 3.)

SMILAX.

This very graceful climber is a great addition to our basket plants, possessing the rare qualities of delicate and tolerably dense foliage, and of vining habit, admirably adapting it to climbing or drooping, as may be required. For using as a green with cut-flowers, it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. 10 cents.

STEVIA.

Serrata Nana.—A Winter-blooming plant; white. 10 cents.

maryllis, Atamasco. (See page 7.)

SEDUMS.

The Sedums are an interesting family of hardy plants, with thick fleshy leaves. They are excellent for hanging-baskets, vases, or rock-work, withstanding the heat and drouth. Price, 10 cts.

Carneum Variegatum.—

Light green, lance-shaped leaves, edged with white.

Telphinum Variegatum.

—Broad leaves, variegated yellow and green. A strong growing variety; desirable.

VINCA.

Harrisoni.—Margin of leaves dark green, center portion light green. A variety of strong growth.

Tuberose.

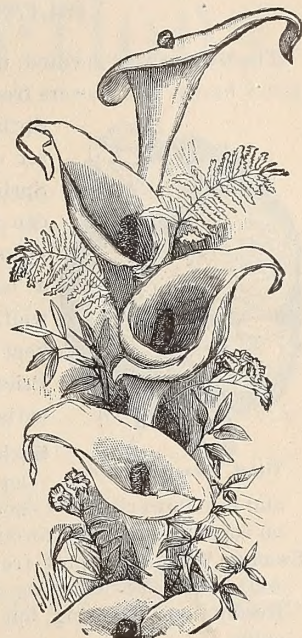

TUBEROSE.

We cannot too strongly urge upon the lovers of flowers the more extensive planting of the Tuberose. It has become an almost indispensable article in its season; its pure waxy-like color and delightful fragrance making it the most popular of all flowers for bouquets and baskets. Our bulbs are very fine, and we can guarantee that all will bloom if properly treated. Price, 10 cents, 12 for \$1.

Pearl.—Flowers large and double, imbricated like a Rose, and of dwarf habit, growing only from eighteen inches to two feet in height. Good for pot culture or Winter forcing.

SAXAFRAGA SARMENTOSA.

A handsome and attractive plant of low habit, leaves nearly round and striped freely with silver bands; flowers white and of great beauty, and borne in spikes nearly twelve inches high. They make fine plants for hanging-baskets, vases, etc. They are well worthy of culture. Price, 10 cents, 3 for 25 cents.

Calla Buds. (See page 8.)

VINCA MAJOR.

Variegata.—A beautiful variegated trailing plant, adapted for hanging-baskets and vases; leaves glossy green, broadly margined creamy-white, flowers light blue. Price, 10 cents.

Verbena. (See page 28.)

VIOLETS.

The little, sweet-scented, double Violet is perfectly hardy, and flowers freely very early in the Spring. Plants may be set out either in the Spring or Autumn, and can be increased by division when they attain a large size. Flowers well [in the house, if not kept too hot and dry. Price, 10 cents; the 3 varieties for 25 cen.s.

Violet, Swanley White.

Marie Louise.—Deep violet-blue, very fragrant and free flowering. It should be grown by all on account of its easy forcing qualities.

Swanley White.—A sport from the popular and well-known Marie Louise, similar in habit and freedom of flowering, but is of a pure white color.

White Czar.—A single variety. Flowers white and sweetly scented; strong and free.

VERBENAS.

The Verbena is one of the prettiest, and the most popular of all the flowering plants suitable for forming beds on the lawn. It continues to flower and spread from the first day the plants are set until late in Autumn, every day becoming better and more handsome. Of easy culture, and will flourish in any good garden soil. Price, 10 cents, 4 for 25 cents.

Auricula.—Purple-crimson, with a white eye.

Brightness.—Crimson scarlet, white eye.

Blue Bird.—Blue, white eye.

Beauty of Oxtou.—Large flowers, color pink.

Diadem.—Scarlet, black eye; an extra fine sort.

Fire Fly.—Intense flame scarlet, dark eye.

Grace Garland.—Orange-scarlet, light eye.

Honeysuckle. (See page 16.)

Humboldt.—Maroon, white eye.

La Niger.—Purple-maroon, almost black.

Mrs. Woodruff.—Clear scarlet.

Pearl.—Pure white, fragrant.

Queen Mab.—Fine rich crimson-scarlet.

Surpris.—Orange-scarlet, white eye.

Snow White.—Large, pure white flowers. Excellent.

Sir Garnet Wolseley.—Rosy crimson, with white eye.

Saladin.—Deep crimson, large white eye.

Velvet Mantle.—Fine, velvet maroon.

Double Bouvardias. (See page 8.)

One Dollar Collections.

FOR the accommodation of persons who are not very well acquainted with the different varieties of plants, we offer the following *One Dollar Collections*. They also give us an opportunity to keep our stock from becoming exhausted in particular varieties; hence, we are enabled to offer them so cheap. The plants will, in all cases, be first-class, and parties will usually get as good, and sometimes better selections than they themselves would make. Our aim shall be, as far as possible, to satisfy every customer, and it is to our interest that they be pleased.

The Following Collections at \$1 Each, OUR CHOICE OF VARIETIES.

- Set No. 1.—20 Verbenas, different sorts.
 Set No. 2.—16 basket or bedding plants, 16 sorts.
 Set No. 3.—16 Monthly Roses, different sorts.
